### Presto—Stalin's Back

Editorial — By BRUCE BLOSSAT

The Kremlin has now come full  
circle on Stalin, moving from al-  
most total defamation toward a  
new canonization that may lift the  
late dictator to heights of Soviet  
glory he never knew in life.

In a speech recently at Russia's  
formal reception for Chinese Premier  
Chou En-lai, the Soviet  
Communist party boss, Nikita  
Khrushchev, completed the turn-  
about when he said:

"Would to God that every Com-  
munist should be able to fight like  
Stalin."

A moment before he had defined  
"Stalinism" as "refusal to com-  
promise, (and the determination)  
to fight to the end for the triumph  
of the working class."

So, for all practical purposes,  
Stalin is back on the pedestal and  
his picture can be tacked up on  
the average Russian's dingy walls  
again without fear of reprisal.

It was this same Khrushchev, of  
course, who delivered the brutal  
assault upon Stalin which launched  
the Kremlin heavily into its de-  
Stalinization program.

That program, plainly, was a  
dismal failure. It utterly baffled  
many Communist leaders outside  
the Soviet Union, who had been  
taught for years to revere Stalin.

By seeming to take the emphasis  
off terror as a weapon of Krem-  
lin control, it loosened the strings  
that tied the satellite nations to  
Russia.

Stirrings of unrest followed. In  
Poland, native leaders kept them  
under a lid. But in Hungary they  
burst into genuine revolt and reaped  
a crushing reprisal.

The Kremlin's resort to violence  
on a massive scale in Hungary was  
the painful evidence that "de-Sta-  
linization" was not the self-purging  
Khrushchev and company tried to  
make it appear.

Careful reading of his and other  
blasts at Stalin showed that it was  
not dictatorship nor the devices  
of terroristic repression that the  
present leaders professed to abhor.

It was simply the careless, unwise  
use of these against the "wrong  
people," and to excess, which  
Khrushchev protested.

We have the record of Hungary  
as proof he and the rest still be-  
lieve in terror "in the right places."

On the ideological level, nothing  
was basically altered by the de-  
Stalinization campaign. It repre-  
sented a shift of emphasis, and as  
such it was a failure.

The political consequences of the  
program are something else. Real  
and perhaps lasting damage may  
have been done to communism in  
Russia and beyond. But it is still  
too early to assess the extent of  
the damage.

### Mixed Reception

As measured by its reception in  
the Middle East, the so-called Eise-  
nhower doctrine is neither totally  
welcome nor wholly unwelcome.

After a two-day meeting, the  
countries of the Baghdad pact—  
Turkey, Iraq, Iran and Pakistan—  
declared their support of the Pres-  
ident's proposal to defend any Mid-  
dle Eastern nation with force if  
requested.

But since these lands have long  
been eager to see the United States  
more closely identified with their  
joint defense pact, this announce-  
ment occasions no surprise.

On the other hand, four other  
countries in the area have gone on  
record as opposed to Mr. Eise-  
nhower's plan. They include Egypt,  
Syria, Jordan and Saudi Arabia.

Nothing else would be expected  
now from the first two, which show  
marked signs of Communist influ-  
ence, nor from Jordan, which is  
pitifully weak.

Arabia is another story. It al-  
ready has defense ties with Amer-  
ica and is heavily dependent on  
U. S. oil royalties for basic econ-  
omic support. We must hope that  
during King Saud's impending visit  
here we can pry him loose from  
the hostile tier of Arab states and  
thus reduce Russia's potential  
winning ground in the Middle  
East.

## The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

DREW PEARSON says: Al-  
corn's Appointment Aroused  
Conservative GOP Resent-  
ment; They Say Ike Is Re-  
making Part In "Democratic  
Image." Senator Morse And  
Senator Johnson Argue Over  
Labor Committee.

WASHINGTON. — Below-surface  
bitterness over H. Meade Alcorn's  
selection as GOP national chair-  
man is such that many Taftites  
have sworn privately to resist his  
leadership.

These followers of the late Sena-  
tor Taft believe Ike's "modern  
Republicans" are leading the party  
to political ruin by trying to re-  
model it not in Ike's "own image,"  
but in the Democratic party's im-  
age. They consider Alcorn's ap-  
pointment as the final affront to  
the conservative wing. Already  
they have nicknamed him derisively  
"Alcorn from the Nutmeg State."

Conservatives in Congress are  
particularly upset over Alcorn's  
pledge to strengthen the Republi-  
can National committee. They in-  
terpret this to mean that he will  
try to dictate policy to Republi-  
can congressmen. If he tries this,  
they have sworn to fight him.

Alcorn was actually picked by  
outgoing GOP chief Len Hall and  
assistant President Sherman  
Adams, the same political two-  
some who persuaded President  
Eisenhower to run again. Ike went  
along with their selection.

When an official GOP delega-  
tion called on the President to ask  
his choice, however, he turned the  
tables on them and requested their  
recommendation instead. The  
delegation knew, and he knew, of  
course, who was to be selected.

"We came here to find out who  
you want," politely protested  
spokesman Harry Darby, who  
himself had been favored for the  
chairmanship by conservatives.

Finally Ike said he would "ap-  
preciate it very much if the com-  
mittee would name Meade Al-  
corn."

Some conservatives were an-  
noyed with Ike for asking the  
delegation's recommendation when  
it was well known he had already  
decided on Alcorn. They grum-  
bled privately that the national  
committee was nothing more than  
a "rubber stamp for the White  
House" and might as well cease  
to function.

Alcorn was "elected" national  
chairman by a voice vote. Hall  
asked for the voice vote with a  
sheepish smile after announcing  
the President's choice.

Conservatives are undecided  
what to do about Alcorn. Some  
want to fight him openly. Others  
prefer to wait until after the 1958  
congressional elections. They are  
convinced the Democrats will win  
and figure this is the best way to  
discredit him.

But whether silent or open, Ike  
has a serious conservative revolt  
on his hands.

Note: Hall would like to be ap-  
pointed secretary of commerce.  
The post is already occupied,  
however, by Sinclair Weeks, who  
has no intention of giving it up  
voluntarily. As a compromise,  
White House aides are talking  
about giving Hall an important  
foreign post to groom him for run-  
ning as governor of New York.

ANTI-LABOR JOHNSON??

It's been discussed only in back-  
stage whispers, but Senate Demo-  
cratic leader Lyndon Johnson has

been trying to appoint anti-labor  
Democrats on the Senate Labor  
committee. He has explained pri-  
vately that he wanted to get some  
"conservative thinking" on the  
committee.

First, Johnson maneuvered to  
appoint freshmen Sens. Frank  
Lausche of Ohio and Herman Tal-  
madge of Georgia to the commit-  
tee, both unpopular with organ-  
ized labor. Lausche pulled a face  
at the suggestion and indicated he  
would rather serve on the Judi-  
ciary committee.

Johnson then lined up South  
Carolina's Dixiecrat Sen. Strom  
Thurmond, also with an anti-labor  
reputation. But Oregon's liberal  
Sen. Wayne Morse got wind of the  
plot and notified Democratic lead-  
ers that he wanted the Labor com-  
mittee assignment.

At first Senator Johnson demur-  
red.

"I don't think it can be done,"  
he said. "The committees have  
all been assigned."

Morse was persistent.

"I made it clear that after the  
election I wanted to go back to the  
Labor committee," he said.

"Remember that I sat for two  
years as a Democrat by my own  
selection; now I'm here by elec-  
tion," warned Morse. "I want to  
warn you that you had better not  
put a junior to me on that commit-  
tee."

"O. K.," replied Johnson.  
"Don't make it too tough for me.  
You go back and write me a let-  
ter, and we'll see what we can  
do."

Morse got his appointment.

ALONG PENNSYLVANIA  
AVENUE

Irony of inauguration: Senator  
Knowland, who was so sore at  
Vice President Nixon's ruling on  
filibustering that he almost blew  
his top, was the man who admin-  
istered the oath of office to Nixon.

Texas, which led the inaugu-  
ral parade in '52, was in the fifth  
division of the parade this year.

The bloom seems to be off the  
Republican rose in Texas. Not  
one of the three top Texas leaders  
showed up in Washington. Mrs.  
John R. Black, GOP commit-  
tee-woman, didn't come because her  
maid had died. Jack Porter didn't  
come, apparently because parcel-  
ing out seats made him too nerv-  
ous. Carlos Watson, state chair-  
man, didn't come for reasons best  
known to himself. A lot of  
Texans are down on Ike because,  
they say, "he has rifled the kit-  
chen cabinet of the New Deal."

Maj. John Eisenhower and family  
live on his Army pay. That's  
why the presidential grandchild-  
ren didn't get new outfits for the  
inauguration.

MERRY-GO-ROUND

Gen. Lucius Clay, the Presi-  
dent's Army friend, has notified  
members of his family that he  
wants Henry Clay left out of the  
family genealogy. Henry Clay  
was a Democrat. General Clay, a  
onetime Georgia Democrat, is  
now a Republican. Cigarette  
manufacturers are petitioning the  
Interstate Commerce Commission  
for a reduction in the rates for  
shipping cigarettes. The ICC will  
probably agree. (Savings will prob-  
ably not be passed on to the con-  
sumer.)

### Mars' Green Spots

Green surfaces on Mars, astron-

scanty water supply melting from  
the poles, which quickens some  
form of vegetation. Vast reddish-

erts.

## Thinking It Over

By Robert L. Dieffenbacher, D.D.  
(Written for NEA Service)

Two different shades of the same  
color can be incongruous when used  
in too close proximity to each  
other. Colors that are entirely dif-  
ferent do not grate on our nerves  
as do non-matching shades of the  
same color.

People whose personalities ap-  
pear to be opposite from each other  
frequently get along better than do  
people who differ in small de-

gree. Little differences in opinion  
often cause great conflict between  
friends.

Minor incidents between nations  
are more likely to result in war  
than major incidents which involve  
even the death of many people. Dis-  
agreements over detail seem to  
cause more conflict than do differ-  
ences of principle.

The Bible indicates that men will  
"strain at a gnat and swallow a  
camel." Love however is built on  
mutual good faith instead of dif-  
ferences.

## His Golden Anniversary at the Wheel!

In Texas, there is a gentleman who is currently  
driving out his fiftieth year at the wheel of a  
Cadillac car.

In New Jersey, there is another gentleman who  
has purchased every yearly model that Cadillac  
has produced over the past fifty-three years.

These are simply dramatic examples of one of  
the most remarkable truisms in all motordom:  
that once a man takes the wheel of a Cadillac, he  
usually remains at the wheel of a Cadillac!

To be sure, a motor car would have to offer  
many unique virtues in order to win so generous  
a place for itself in the affections of so many.

And, in the case of Cadillac, we think these  
virtues are self-evident.

There is, first of all, quality. No effort of  
styling or design or craftsmanship is ever spared

to make Cadillac the finest possible motor car.

There is beauty and luxury and performance.  
The car's magnificent styling and interior coach-  
work have, over the years, brought Cadillac an  
inbred majesty and elegance that are entirely its  
own ... and Cadillac engineering has been the  
industry's constant inspiration.

Finally, there is reputation. Never in automotive  
history has another motor car sustained such an  
abiding public conviction in its own goodness.

And, certainly, these basic Cadillac ingredients  
have this year reaped their richest harvest.

So whether you've been at the wheel of a  
Cadillac for half a century ... or have yet to  
spend your first hour in the "car of cars" ... you  
should see and drive this newest of Cadillacs.

Need we say more?

### Attend American War Dads and Auxiliary State Council Meeting

Mr. and Mrs. Alvin Porter, Mr. and Mrs. Forest Groves Sr. and Harry Rayfield attended the Council meeting of the Illinois State Association of the American War Dads and Auxiliary at the Abraham Lincoln hotel in Springfield Sunday.

State President Roy Ackman was in charge of the Dads meeting and Auxiliary President Portia Hodges presided at the Auxiliary meeting. The meeting was attended by state officers, council women, state directors, chapter presidents and secretaries and other chapter officers.

This meeting of the state officers was for the purpose of planning budgets for the organization at the state level for the year and discussing plans for the state convention to be held at Macomb this summer. The Auxiliary also made plans for a visit to Illinois by National President Mrs. Robert H. Franck of Omaha, Neb., in April.

Mrs. Porter, who is a member of the council and president of Harrisburg chapter No. 59 Auxiliary of the American War Dads, said that much work in veterans hospitals is being done by the Auxiliary especially at the hospitals at Danville and Jacksonville where there are very active members.

Members of these chapters donate about one hundred hours of work each week at these two hospitals in addition to frequent parties, treats and gifts of candy, cigarettes, post cards, stamps and many other items. They read to the patients, write letters for them, play games with them and many other services of a therapeutic value.

Springfield, Rushville and Macomb chapters also do much work at these hospitals. The Springfield chapter has adopted a group of about sixteen men at the Jacksonville hospital who apparently have no one and some of them had not had a visitor for 15 years and are visiting them regularly giving birthday parties seeing that they have small gifts and doing many things for their pleasure and to help them.

Q. Ray Reedy of Macomb, who is a past state president and is now national secretary, spoke to the Dads as did National Vice President Wallace T. Hambrough and National Councilman William Fanning, both of Jacksonville and both past state presidents of the Illinois Association of the American War Dads.

### Ford Favors Trade With China

SAN FRANCISCO (AP) — Henry Ford II told automobile dealers Monday that U. S. trade with Red China might help the Chinese rid themselves of the "yoke of Communism."

Ford, 39, president of the Ford Motor Co., urged the United States to "come of age fast" and act with "uncommon sanity, wisdom and unity" to meet crises abroad. He told the National Automobile Dealers Assn. Americans should be more realistic and decide "whether our trade-and-aid policies toward such satellite areas as Poland, Hungary, East Germany and even Red China are really in our best interests."

### City School Nurse Guest Speaker At Woman's Club Meeting

The members of the Harrisburg Woman's club met yesterday afternoon for a most interesting program on Public Health and Public Welfare directed by Mrs. Wendell Bramlet.

A lovely meditation on "Woman and Her Community" was given by Mrs. Charles Wilson who took her scripture from the tenth chapter of Luke.

Mrs. Bramlet then introduced Mrs. Athel Mathias, city school nurse, who was guest speaker for the afternoon. Mrs. Mathias read a most enlightening paper on "Sex Education" which she had drawn up from research and which she was teaching in separate classes to the boys and girls in Junior high school to help them with problems as they become young adults. Mickey Tugge, accompanied at the piano by his mother, Mrs. Hudson Tugge, played two tunes not solos "A Trumper's Lullaby" and "Stormy Weather."

Hostesses were Mrs. Walter Tinsell, Mrs. Paul Hatfield and Mrs. Harry Woolcott.

**Film at Orpheum**  
Sunday is Special  
Pre-Release Saga

Alan Ladd, Virginia Mayo and  
Edmond O'Brien head the cast of  
"The Big Land," opening Sunday  
at the Orpheum theatre, as part  
of Warner Bros.' mammoth 250-  
theatre "Heart of America" spe-  
cial pre-release engagement of the  
WarnerColor saga of the mid-west.

Extensive location filming took  
Director Gordon Douglas and his  
"Big Land" troupe into the lonely,  
rolling hills around Sonora, Calif.  
Here Douglas' cameramen made  
long shots of cattle stampeding  
down the main street of a pioneer-  
type town. Then Douglas shipped  
150 head of the cattle to Warner  
Bros. in Burbank where he filmed  
what was probably the first cattle  
stampede ever to take place on a  
sound stage.

The director, ever a perfection-  
ist, wanted close-ups and medium  
shots of the rampaging animals and  
figured (correctly) that the only  
place to get them was in a studio.  
Cowboys triggered the stampede  
with shouts and six-shooters. Cam-  
eramen photographed the charge  
from behind barriers at key points.

According to the script of "The  
Big Land," the cattle run amuck  
toward the end of a long, grassless  
trek from Texas to Missouri. Na-  
turally, they're skinny. Director  
Douglas found his skinny cattle in  
a herd of Mexican steers that had  
been imported for rodeos.

In "The Big Land," a picture by  
Alan Ladd's Jaguar Productions,  
Ladd plays an ex-soldier leading  
a herd of cattle from Texas to the  
railroad terminus in Missouri.

Virginia Mayo, as a Kansas City  
night club singer, waits as a re-  
ward for Ladd at the end of his  
journey. Edmond O'Brien, who  
portrays Miss Mayo's brother, aids  
Ladd in building a new rail site  
for shipping cattle.

Alan Ladd's nine-year-old son,  
David, appears as a Kansas youth,  
as does Jack Wrather Jr., 12. The  
latter is the son of Bonita Gran-  
ville and Jack Wrather, producer  
of "The Lone Ranger" series.

An Egyptian-style lock was found  
in the ruins of the palace of Nine-  
vah, according to the Encyclopedia  
Britannica.

Peoria Firm to Design Federal Building at Benton

BENTON, Ill. (U.P.) — A Peoria firm has been approved to design the new federal building at Benton. Rep. Kenneth Gray, West

Frankfort Democrat, said in Washington today that the architectural firm of Foley, Hackler, Thompson and Lee should complete the drawings and specifications within seven months. Then a construction contract can be let, Gray said.

Estimated cost of the building is \$1,100,000. It will have 37,570

square feet of floor space. Under present plans it will house the Benton post office, U. S. Federal Court and the offices of Selective Service and Departments of Agriculture, Interior and Justice.

Average lifetime of motor vehicles has doubled since 1930 and their average mileage has tripled.

Seek Injunctions To Close Two Bawdy Houses

MARION, Ill. (U.P.) — Williamson County State's Atty. Carl Sneed said today he will seek injunctions to close two bawdy houses.

Sneed said he will file for the injunctions in Circuit Court against the Johanna "Ma" Hatchett Tavern near Colp and the No. 9 Club at Colp.

Both establishments surrendered their liquor licenses Monday, Sneed said. The Hatchett tavern license was turned over to Williamson County Liquor Control Commissioner Milo Cardwell. Sneed said the No. 9 Club's license was surrendered to Mayor Frank Caiper of Colp.

State police raided the two places two weeks ago and made five arrests. The operators were fined on guilty pleas to charges of operating houses of ill fame. Three women were fined as inmates of houses of ill fame.

Sneed said that the injunctions, if granted, would close the establishments as houses of ill fame for a maximum of one year as provided by statute.

Shingler to Attend Kresge 'Sellorama'

C. H. Shingler, manager of the Kresge store at 19 North Main street, will attend the company's 1957 "Sellorama" in Detroit, Mich., Feb. 7, 8 and 9. The Sellorama is a merchandise road show moving into New York, Pittsburgh, Chicago and Detroit. Mr. Shingler will be among 900 Kresge store managers and top executives who will be shown new spring lines and higher quality merchandise to be introduced into the stores this spring.

Mr. Shingler will hold an employee meeting at the local store on Feb. 11 that they may benefit from the Sellorama.

53-Year-Old Man Returned to Prison From Where He Escaped 22 Years Ago

MADISON, Wis. (U.P.) — A 53-year-old man returned to Waupun State Prison today after an absence of 22 years, during which he lived a respectable life under a different name.

George Dietsch came back to a cell to finish serving a 5-year sentence for burglary. He walked from a prison farm with two other trustees in 1935, and led a new life in Iowa and Minnesota.

Dietsch's luck ran out Jan. 8 when he was ticketed for reckless driving at Fort Dodge, Iowa. He was fined \$55, but rearrested last Friday at Independence, Iowa. A routine check of fingerprints by state agents led to the discovery that he was the fugitive of 22 years.

"I had a good life and I didn't hurt anybody," Dietsch said. "I didn't steal anything. Everything I ate I paid for."

Warden John Burke at Waupun said the now-balding escapee would pick up serving his term where he left off. The warden said Dietsch definitely would not be given another test of his honesty on the prison farm.

"I want to get it over with and start new," Dietsch said. He estimated that he would only have to serve about a year and ten months, plus a possible extra six months for escaping.

After his escape, Dietsch did mostly farm work in Iowa and Minnesota under the name of

and remarried after he was sent to prison.

Dietsch was convicted of burglary following an incident in Marathon, Wis., near Wausau. He said he "didn't want to do it." He said he sat outside in a car while

an acquaintance looted a pair of grocery stores.

When he parted from his wife in Iowa, Dietsch told her, "Anna, forget you ever knew me." "No, I won't," she replied. "I'll wait for you."

HERRIN, Ill. — At least two new factory sites and a new factory are in the planning for this year, J. V. Walker, president of the Herrin Chamber of Commerce, has announced.

Mr. Walker also stated that included in the "hamburger" program for 1957 are the extension of Route 148 southward toward Dongola, housing and civic improvements, some off-street parking lots and closer labor-industrial relations.

H. A. Whittenberg, past president of the group, reported that about 3,000 persons are being employed in Herrin factories. He said great strides have been made in housing, with several new subdivisions and a 100-unit low income rental project soon to be built.

Herrin's Chamber of Commerce membership has reached an all time high this year with 545 members.

### Call Off Second Wesley Foundation Crusade Meeting

CARBONDALE, Ill.—The weather just hasn't been sympathetic with the plans of Wesley Foundation Building Crusade leaders for a conference-wide rally of Southern Illinois Methodists at Carbondale.

Monday night's re-scheduled rally at Southern Illinois University in Shryock Auditorium, intended to bring together 1500 to 2000 Methodists from the southern third of Illinois, was called off at noon Monday after freezing rain Sunday with a film of ice and weathermen promised more of the same for the night of the rally. The first attempt at a rally on January 4 was postponed at a late hour for the same reason—the first ice storm of the season.

Ronald Seibert, director of the Wesley Foundation at SIU, says this week's ice storm is the last straw. There will not be a re-scheduling of the rally.

The rally, planned for more than two months, was aimed at officially launching a building fund campaign to quickly raise \$260,500 for erecting a Wesley Foundation building adjacent to the SIU campus to serve the 1,000 Methodist students enrolled there. Many hours of volunteer labor by Wesley Foundation students went into physical preparations for the rally. Two hundred twenty-five students have pledged \$6144.00.

### Castle Protests FCC Proposal

SPRINGFIELD, Ill.—Atty. Gen. Latham Castle on behalf of the state today told the Federal Communications Commission transfer of Springfield's Television VHF Channel 2 to St. Louis would be "patently unreasonable and inequitable."

Castle filed official pleadings with the FCC consisting of official comments of the state of Illinois on the FCC proposal to transfer Channel 2, assigned to WMAF here, to St. Louis and shift St. Louis' UHF Channel 36 to Springfield.

He said that Missouri now has 16 VHF channels, while Illinois has only 9 "notwithstanding that populationwise Illinois is approximately twice the size of Missouri" and that to give Missouri another VHF channel would "further disproportionate the existing facilities."

### Danville Leaders Testify Before Armed Forces Board

CHICAGO, Ill.—An armed forces board today heard witnesses tell of a campaign against prostitution in an Illinois city, then began considering whether to extend or repeal an "off-limit" order barring Air Force men from the city.

The hearing was on the ban invoked Dec. 10 by Brig. Gen. A. M. Minton, commanding officer of Chanute Air Force Base. He issued the order after charging that prostitution was operating "wide open" at Danville, Ill.

Community leaders from Danville and others appeared before the board to testify formally or informally. The board, the Armed Forces Disciplinary Control Board, 5th Army area, went into closed session to discuss its decision, which may be released here or by Minton at some later date.

### Chou to Study Release of Americans

KATMANDU, Nepal (UPI)—Chinese Communist Premier Chou En-lai said here today he would study the question of releasing 10 Americans held in Red China in exchange for the freeing of 33 Red Chinese he charged are held in the United States.

Chou said the 10 Americans would be released according to Chinese law and added, "they may be released even before serving their terms if they behave properly."

### Farm Bureau Supports Base Acreage Plan

CHICAGO (UPI)—The American Farm Bureau Federation was on record today in support of a base acreage program for corn growers to replace present acreage allotments.

A base acreage plan embodying the farm bureau's proposals was introduced in Congress Friday by Sen. Everett M. Dirksen (R-Ill.).

Federation President Charles Shuman urged quick passage of the measure by Congress because commercial corn growers are making plans for spring planting.

"It is urgent that farmers know now whether they can reasonably count on getting into the soil bank and do their part to help bring supplies in line with demand," Shuman said.

The base acreage plan won approval from a majority of the nation's corn growers in a Dec. 11 referendum, but it failed to secure the necessary two-thirds majority.

The base acreage plan calls for a percentage of cropland to be placed in the soil bank. It also would reduce corn price supports to \$1.31 per bushel as compared with \$1.36 under the present acreage allotment program.

Shuman said corn farmers "repudiated" the ineffective corn acreage allotment program in the referendum and have ignored their corn allotments for years, "choosing to get along without price supports."

The 1957 corn allotment calls for planting 37 1/3 million acres, but under Dirksen's bill, farmers would be required to place part of their cropland into the soil bank and cut corn acreages below 51 million acres.

WASHINGTON (UPI)—An increasing number of Democrats and Republicans in Congress today opposed inviting Marshal Tito of Yugoslavia to visit the United States.

Representatives from both sides of the aisle signed a petition urging President Eisenhower not to invite the Communist dictator. House Democratic Leader John W. McCormack (Mass.) was among the signers.

The petition was placed in the speaker's lobby Monday. By early afternoon 64 representatives had signed it.

### Aged Woman Dies of Burns In Wabash County

MT. CARMEL, Ill.—Mrs. Bertha Wood, 74-year-old widow of near Lick Prairie, died at 6:30 p. m. Monday in Wabash General hospital, as the result of burns incurred early Sunday morning.

Mrs. Wood apparently came in to contact with a hot stove in her home and her clothing caught fire. The flames enveloped her.

She was found by her son, Virgil, who dropped in about 8:30 a. m. to visit. Although Mrs. Wood was still conscious, she was unable to tell her son how the accident happened.

The fire did little other damage except to burn a hole in the linoleum where she had been standing.

Mrs. Wood lost consciousness shortly after her son arrived and never regained consciousness.

Also surviving are a daughter, Mrs. Glenn Nazy of Albion; three other sons, Paul of Albion, Nobel of Mt. Carmel and Willis of Kanakake; a sister, Mrs. Alta Phillips of California, Mo., and 12 grandchildren.

### Marion Council Votes Pay Raise

MARION, Ill. (UPI)—A 5 per cent pay raise voted Monday night by the City Council for all Marion employees will cost the taxpayer very little extra.

The increase, effective in May, for some 50 employees will run about \$7,000 a year. But a reduction in the city's contribution to the Illinois municipal retirement fund will save \$6,000.

### Benson Asks Boost In Corn Allotments, Price Floor Guarantee

WASHINGTON (UPI)—Agriculture Secretary Ezra T. Benson urged Congress today to boost corn planting allotments and guarantee growers a minimum support price of 70 per cent of parity through 1959.

The surplus-cutting soil bank program expires in 1959. At that time, Benson said, mandatory price floors and acreage controls for corn should be dropped.

Benson, testifying before the Senate Agriculture Committee, also urged that states be required to share the cost and administration of drought relief programs. Greater state and local participation, he said, would correct "serious weaknesses" in the programs.

### Guyer Elected GOP Chairman

SPRINGFIELD (UPI)—Stanley H. Guyer, Rockford, took over today as Illinois Republican state chairman and said his first step would be "further activating" the GOP State Central Committee.

Guyer, 53, an attorney, was elected state chairman Monday at a meeting of the committee, which also nominated the former state chairman, Morton H. Hollingsworth, to Illinois' place on the GOP National Committee.

Hollingsworth's nomination must be approved by the National Committee. He is state finance director in Gov. William G. Stratton's cabinet and was the governor's choice to succeed the late C. Wayland Brooks on the National Committee.

Lambert I. Engdahl, Monmouth, was named State Committee secretary to replace Guyer; James Anderson, Eureka, was named vice chairman, and Clarence Bergstrom, Chicago, was named first vice chairman.

### Van Doren Pushes TV Quiz Winnings To \$122,000

NEW YORK (UPI)—Charles Van Doren, intoxicated by his climb toward the headiest heights in TV giveaway history, indicated Monday night that he would try to fatten his quiz winnings of \$122,000.

Van Doren, a 30-year-old English instructor at Columbia College, polished off two challengers on NBC-TV's "Twenty-One" to add \$17,500 to his growing pile. On nine previous appearances on the show, Van Doren had built up a stake of \$104,500.

Under the rules of the show, based roughly on the card game, "blackjack," Van Doren can remain on as a contestant as long as he feels he can continue to beat off challengers.

The two contestants he knocked off Monday night, Nicholas Teslenko and Anthony Whittier, were the ninth and 10th he has defeated in the game. Teslenko is a United Nations interpreter; Whittier, a descendant of poet John Greenleaf Whittier, is a writer from Boston.

Monday night, Van Doren, who earns \$4,400 a year as a teacher, polished off a series of questions on geography, chemistry, baseball and buildings.

### Large Number of Children Attend Ozark Jubilee Show

The Ozark Jubilee, presented yesterday at the high school, had a large matinee attendance and a small attendance at the evening performance, but the consensus was that the troupe put on an excellent show.

Merchants of Harrisburg bought tickets so that school children could attend the afternoon performance. The event was sponsored here by the Harrisburg Police department and Police Chief Ross Lane said that the department finished on top financially. He said he wished to thank the public, especially those merchants who sponsored the afternoon performance.

### Building Blast Kills Seven

ROSELLE, Ill. (UPI)—Authorities today resumed their search for more possible victims in a store-apartment building explosion that killed at least seven persons and injured 14 others.

The blast Monday reduced the three-story building to rubble, burying some of the victims under tons of debris.

Of the 14 injured, nine required hospitalization and one youngster was in critical condition. Mike Finn, 9, whose brother, Robert, 10, was killed in the blast, was not expected to live.

In addition to Robert, the dead were identified as Herbert Gieske, 44, owner of a first floor hardware store; Mrs. Evelyn Kramp, 35, a clerk in the store; Everett C. Wille, 28, Arlington Heights, Ill., another store clerk; Mr. and Mrs. William Heinrich, both in their 50s, of Bloomingdale "twp., Ill., and Larry McGrath, 25, Urbana, Ill.

An inquest opened today, while bulldozers, cranes and tractors rooted through the remains of the building.

The cause of the explosion was not immediately known, but it was theorized that a gas main might have been punctured by a post hole crew of the public service company.

### House Approves IPAC Funds

SPRINGFIELD (UPI)—The Illinois House today passed and sent to the Senate bills appropriating \$30,150,000 in deficiency funds for the Public Aid Commission.

All three appropriations bills passed by nearly unanimous votes, but Rep. Ralph Stephenson (R-Moline) said he was "irked" at the emergency money needs of the IPAC and said the Legislature appeared to be saying "spend what you need and we'll write you a check."

Rep. Paul Powell (D-Vienna)

said there were "many irregularities" in the IPAC programs, "but that 'I would hate to think I deprived one needy person. There is more good in this bill than bad.'"

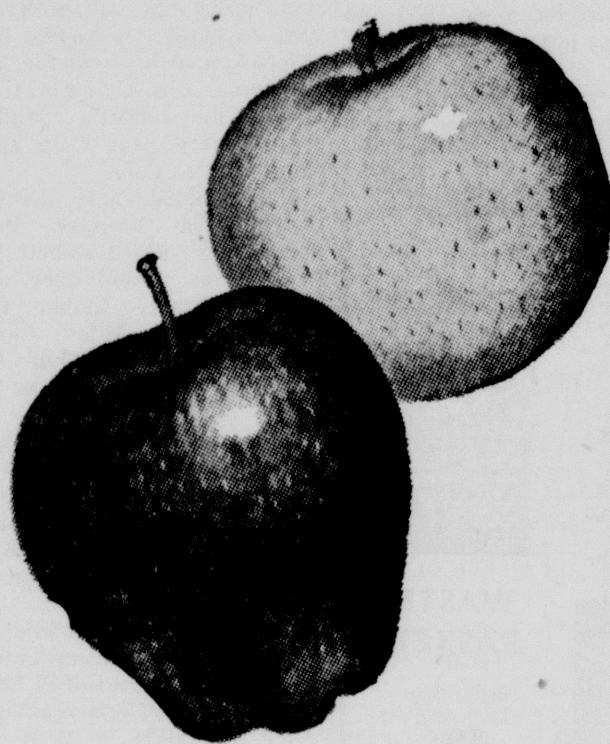

The Senate, meanwhile, passed a deficiency appropriation of \$369,259 to make up shortages left in the auditor's office by the Hodge scandal. The Senate also approved transfer of another \$290,000 from various accounts in the auditor's office to other accounts to help make up the shortage. These bills now go to the House.

### CONSTIPATED? New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to 8-10-E-T-C-H STIMULATE it to action; to a normal urge to purge. # Michigan State Upsets Buckeyes, 73-64; Purdue Beats Northwestern, 81-77

CHICAGO (AP)—Ohio State's six-game winning streak was at an end today and Purdue took solid possession of second place in the Big Ten basketball chase.

It remained for lowly Michigan State to turn the trick against the front-running Buckeyes, the nation's 10th ranked team. The Spartans, operating on their home court and scoring their second straight upset, tripped the Ohio Staters, 73-64.

The Boilermakers jumped into the runner-up spot with an 81-77 victory over Northwestern on the latter's floor Monday night. Illinois and Michigan, idle Monday night, thus were dumped to a third place tie with three wins in four games apiece.

## Control the Boards

The Spartans, unable to achieve a Big Ten victory until their 72-59 surprise romp over Minnesota Saturday night, beat the Buckeyes at their own game Monday night. They controlled the boards, outshone the Buckeyes at their specialty of rebounding and outshot them from the floor.

Guard Jack Quigley, who missed the Gopher contest because he broke training rules, supplied the scoring punch with 21 points. Sophomore John Green controlled the boards for the Spartans and held Buckeye scoring ace Frank Howard to four field goals.

The setback was the first for the Buckeyes since Dec. 29 when Brigham Young tagged them, 84-78, in New York's Holiday tournament. Since that date Coach Fordy Anderson's crew had amassed five wins over second division

## SIU Defeats Millikin, 74-70

CARBONDALE, Ill. (AP)—Southern Illinois beat back a Millikin rally Monday night to down the invaders, 74-70, for the second time this season in a non-conference basketball game.

SIU led most of the way, but never by more than a few points. Millikin trailed 35-31 at the half, but came back to tie the score at 44-44 and 54-54 before SIU moved in front to stay.

Millikin again closed the gap to 71-70 with 30 seconds left, but free-throw by SIU's Dick Jones and Warren Talley iced the tilt. Seymour Bryson, SIU forward, was high scorer with 20 points.

## Play Illinois Next

The Buckeyes' next opponent is the high-scoring Illini five.

Little Joe Campbell, who had averaged 10 points a contest until Monday night, exploded for 24 over the Wildcats. The 5-foot 7-inch senior guard shared scoring honors with Northwestern's sophomore guard Dick Johnson.

The Boilermakers, who are becoming accustomed to throttling last-minute enemy rallies, had to fight off the Wildcats in the final four minutes after they came from behind to tie the score at 72-72.

The victory was the fourth in five games for the Boilermakers whose next opposition will be furnished by the Illini Saturday night.

Harry Tanner of Carrier Mills, a regular participant in "You Pick 'em," hit the jackpot in last week's picks with a 10-0 record.

And the picks might be called official, seeing as how Harry is the Clerk of the Village of Carrier Mills.

In addition to picking all ten winners, Tanner was only two off in the point spread on the game of the week. He predicted a 72-68 Carbondale win over Mt. Vernon and the actual score was 66-60, Carbondale the winner.

Picking up second place honors was Harold Fitts, varsity guard on the Carrier Mills high school team. Fitts picked nine and missed one, stumbling by selecting Mt. Vernon over Carbondale.

The Midget conference tournament starts this evening at Galatia's grade school gym with Galatia vs. Ridgway and Dorrisville vs. Muddy. The tourney continues Wednesday and Thursday nights.

Carrier Mills paid the penalty during the Saline county tournament of being the "winningest" team in the meet. Practically every fan, except the Carrier Mills followers, were pulling for the Wildcats to taste defeat for the first time and the team playing the 'Cats had the support of about 70 per cent of all fans present. That's the age-old American tradition of cheering for the underdog.

However, some of the fans went a little further than just cheering for the 'Cats' opponents.

Some, for no apparent reason, roundly booed the Carrier Mills players. When the Wildcats entered the gym and walked down the east sideline to their dressing room the boos almost drowned out the cheers.

That bordered on downright poor sportsmanship. Good tournaments are built on spirit and cheers. But not on boos!

A 16mm film "Big Ten Football Highlights of 1956" is now available according to an announcement from the U. of I. athletic publicity office.

The film, with sound, lasts 27 minutes and shows excerpts of all ten conference teams. Illinois action includes California, Wisconsin, Purdue, Minnesota, Michigan Northwestern and Ohio State games.

The exhibition fee is \$5. For reservations or additional information, write: Don Dodds, 101 Huff Gym, University of Illinois Champaign, Ill.
